

THE NEW SUPERIOR PENTHEON SERIES UNRESTRAINED PERFORMANCE FOR YOUR MISSION

The New Superior Pentheon Series offers you unrestrained performance, unparalleled speed, and ultimate control.

- Purpose-build battery with increased capacity
- Energy efficient drive technology
- Auto start/stop function = no energy waste during operation
- On-tool charging
- Real-time Diagnostics
- Temperature Management
- 360° Carrying handle - allowing you to hold the tool in any position
- Compact design with integrated motor and pump
- I-Bolt technology which minimizes blade separation and maximizes cutting performance
- 100% submersion rated

MAXIMUM ENDURANCE EXTENDED WORKING TIME

HOLMATRO PENTHEON TOOLS HELP YOU GET MORE WORK DONE WITHOUT SWAPPING BATTERIES. THESE ARE THE REASONS WHY.

PURPOSE-BUILT BATTERY WITH INCREASED CAPACITY

Specially developed to power our high-performance Pentheon tools, this battery contains extra large and powerful cells. Thanks to the bigger cell volume, it heats up much slower than regular batteries. This means you can complete more work, while using its maximum power.

ENERGY EFFICIENT DRIVE TECHNOLOGY

The patented mechatronic system that controls the motor and pump settings of our Pentheon tools is extremely energy efficient. Especially when compared to the drive technology used in other cordless rescue tools. All with the aim to extend your working time.

AUTO START/STOP FUNCTION: NO ENERGY WASTE

When the tool is not operated or has reached its maximum pressure, the motor stops automatically. This saves valuable battery capacity. Simply turn the control handle to restart the tool.

Purpose-built battery with increased capacity

Energy efficient drive technology

MAXIMUM ENDURANCE USE IN ALL CONDITIONS

Whether it's hot or cold, in the rain or snow and even under water: Pentheon tools can be used in all conditions.

UNPARALLELED SPEED STEPLESS SPEED MAXIMIZATION

Pentheon tools are the fastest rescue tools on the market. A revolutionary mechatronic system inside the tools continuously optimizes the motor and pump settings, to deliver a maximized oil flow over the full pressure range. This provides you, as a rescuer, with unparalleled tool speed at any load.

Where all other rescue tools show a significant decrease in speed when switching to another stage to deal with higher loads, Holmatro Pentheon tools stick to the ideal stepless speed curve.

ULTIMATE CONTROL TWO-MODE CONTROL HANDLE FOR ULTIMATE SPEED CONTROL

In the rescue business speed is nothing without control. Every second counts, but since you are working near a patient you need to be careful. Therefore our Pentheon tools have ultimate speed control. A unique two-mode control handle offers you the choice, at any time during the rescue operation, to switch between the tool's high-speed and low-speed modes. Within these two modes, the speed is still proportional to how far you turn the handle to its left or right.

Experience ultimate control of the fastest rescue tools ever!
